## Objective:

Versatile and skilled freelance video editor with a passion for storytelling and visual communication. Dedicated to delivering high-quality video content tailored to clients' needs, while maintaining flexibility and adaptability to various projects and timelines. Specializing in TV programs and YouTube content, including interviews and other engaging formats.

## Professional Experience

### Freelance Video Editor

- Produced engaging video content for diverse clients, spanning promotional videos, event coverage, TV programs, and YouTube content.
- Edited raw footage to craft compelling narratives aligned with client branding and messaging.
- Specialized in interview editing, ensuring smooth transitions and captivating storytelling while meeting deadlines and budget constraints.

### MS League (Volunteer)

- Served as a volunteer video editor and graphic designer, contributing to the production of promotional materials and event coverage

### Africa TV1

Video Editor & Assistant Camera Man

- Collaborate with the production team to edit and assemble raw footage into engaging video content
- Assist with camera operation and setup during video shoots and live broadcasts
- Contribute creative ideas and suggestions to enhance the overall production quality

## Additional Information:

- Continuously updating skills and staying informed about the latest trends and technologies in video editing
- Flexible and adaptable to changing project requirements and deadlines
- Portfolio available upon request
